Accordingly investors will be required to furnish a copy of PAN together with the Application Form. Application Forms without these information and documents will be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

C) DETAILS FOR COMPLIANCE WITH ANTI MONEY LAUNDERING REGULATIONS OF SEBI

Prevention of Money Laundering Act, the SEBI Circulars on Anti Money Laundering and the Client Identification implementation procedures prescribed by AMFI interalia require the AMC to verify the records of identity and address(es) of investors. To ensure adherence to these requirements, investors are required to approach Points of Service (POS) (list of POS available on amfiindia.com) appointed by any of the KYC Registration Agency and submit documents for completion of appropriate KYC checks. The details for KYC compliance can also be downloaded from AMFI website, www.amfiindia.com or website of the mutual fund, www.bandhanmutual.com. The Mutual Fund website also prescribes the list of documents that can be submitted by investors to the POS to get their KYC checks completed.

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to ₹ 50,000/- per year per investor shall be exempted from the requirement of PAN. Accordingly, investments in Bandhan Mutual Fund (including SIP investment where the aggregate of SIP installments in a rolling 12 months period or in a financial year i.e April to March) of upto ₹ 50,000/- per investor per year shall be exempt from the requirement of PAN. However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the "PERN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected. Application Forms without quoting of PERN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

After completion of KYC compliance, investors need to approach KRA for Change of Address and not Registrar (CAMS). In respect of KYC compliant Folio, prospective Change of Address received along with transaction slip will not be processed by Registrar (CAMS). The AMC reserves the right to reject subscription requests in the absence of appropriate compliance with the AML Laws.

In line SEBI circular No. MIRSD/Cir-5/2012 dated April 13, 2012 and various other guidelines issued by SEBI on the procedural matters for KYC Compliances, the following additional provisions are applicable effective December 1, 2012:

For the purpose of these guidelines, UBO means the natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes those persons who exercise ultimate effective control over a legal person or arrangement.  - II. The date on which the request is given by the investor is entered in the system as commencement date. The capital appreciation will be calculated from the commencement date and the investor's opted start date.
 - III. Frequency: Monthly, Quarterly, Half yearly, Annual. The capital appreciation will be determined on the next business day if the 30th, 90th, 180th or 366th day turns out to be a non-business day for the switch-out scheme.
 - IV. Monthly Option Any day STP except for 29th, 30th & 31st; Quarterly Option Any day STP except for 29th, 30th, 31st of the first month of each quarter which may start from any month; Half yearly Option Any day STP except for 29th, 30th & 31st of the first month of each 6 month period, Annual Any day STP except for 29th, 30th & 31st of the first month of a 12 month period.
 - V. If the commencement date is 15th December 2016 and if the investor provides the start date 1st January 2017, then capital appreciation for first trigger will be calculated between the commencement date (15th December 2016) and the investor's opted start date (1st January 2017)
 - a. For Monthly frequency the subsequent trigger date is 1st February 2017
 - b. For Quarterly Frequency the subsequent trigger date is 1st April 2017
 - c. For Half- yearly Frequency the subsequent trigger date is 1st July 2017
 - d. For Year yearly Frequency the subsequent trigger date is 1st January 2018

 - IX. The investor will have to mention the start and end date. The investor may choose to mention the start date and the number of installments. In case the start date is mentioned but end date is not mentioned and number of installments is not mentioned, the application will be registered for the minimum number of installments. In case the end date is mentioned but start date is not mentioned, the application will be registered after the expiry of 10 days from submission of the application from the default date i.e. 10th of every month / quarter / half year / annual provided the minimum number installments are met.
- 14. The switch will be triggered only if the required minimum capital appreciation clause is achieved. If this is not the case as on the trigger date the switch for that respective month / quarter / half year / year will be skipped. There is no limitation on number of skips.
- 15. If any trigger is skipped for a particular frequency due to the appreciation amount being less than the minimum amount, the subsequent tracking of the capital appreciation will continue with the amount as on the last executed STP.
- 16. The calculation of capital appreciation will be done at a transaction level in the respective scheme and folio. For example: If the investor has opted for this facility (monthly frequency) and CAMS (Registrar and Transfer Agent) has registered the STP in their system on 1st January 2017. All subsequent lump sum purchases (including switch-ins) in the source scheme will be tracked from the date of purchase for a period till the next Cap STP date. If at an individual transaction level there has been a minimum appreciation of INR 500, then such a transaction will qualify for switch and accordingly the capital appreciation amount would be calculated and switched to the target scheme. For all qualifying transactions, the switch amount into the target scheme will be a single collective amount after adding transaction level appreciation for all qualifying transactions.

	 In case of investments in derivatives like index futures, the risk reward would be the same as investments in por representing an index. However, there may be a cost attached to buying an index future. Further, there could be settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the depth of the index futures market as it is relatively new market. Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase in the level of interest rates. 			
	 Credit Risk: In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interpayment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go to because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme(s) has invested in Governm Securities, there is no credit risk to that extent. Different types of securities in which the scheme(s) would invest as given in the sch information document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending to its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporatively less risky than bonds which are AA rated. 			
	 Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest of maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate. 			
	 Basis Risk (Interest - rate movement): During the life of a floating rate security or a swap, the underlying benchmark index m become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. The types of events may result in loss of value in the portfolio. 			
	 Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. Howe depending upon the market conditions, the spreads may move adversely or favorably leading to fluctuation in the NAV.

	This refers to the ease with which a security can be sold at or near to its valuation Yield-To-Maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.	The Scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.
