Investment Objective

The investment objective of the Scheme is to replicate the Nifty Smallcap 250 Index by investing in securities of the Nifty Smallcap 250 Index in the same proportion / weightage with an aim to provide returns before expenses that tracks the total return of Nifty Smallcap 250 Index, subject to tracking errors.

However, there is no assurance or guarantee that the objectives of the scheme will be realized and the scheme does not assure or guarantee any returns.

Scheme Code

Asset Allocation Pattern of the scheme

The asset allocation under the scheme will be as follows:

Instruments	Indicative	Allocation	Risk Profile
	(% of Tot	tal Assets)	
	Minimum	Maximum	
Securities belonging to the Nifty Smallcap 250	95%	100%	Very High
Index (including stock & index derivatives)			
Debt & Money Market instruments	0%	5%	Low to
•			Moderate

The net assets of the scheme will be invested in stocks constituting the Nifty Smallcap 250 Index. This would be done by investing in all the stocks comprising the Nifty Smallcap 250 Index in the same weightage that they represent in the Nifty Smallcap 250 Index.

Exposure in Equity Derivatives shall be up to 20% of the equity exposure. Exposure to equity derivatives of the index or its constituent stocks may be undertaken when equity shares of the underlying index are unavailable or not available in sufficient quantities, subject to rebalancing period as mentioned in the section 'Change in Investment Pattern'.

A small portion of the net assets will be invested in debt & money market instruments permitted by SEBI / RBI to meet the liquidity requirements of the scheme and for meeting margin money requirement for Nifty Smallcap 250 Index futures and/or futures of stocks belonging to the Nifty Smallcap 250 Index.

Money Market Instruments includes Commercial papers, Commercial bills, Treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, Bills Rediscounting, Repos, Triparty Repo, , usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

The cumulative gross exposure through equity, debt & Money Market instruments, repo transactions and such other securities/assets as may be permitted by the Board from time to time, subject to regulatory approvals if any, should not exceed 100% of the net assets of the scheme.

The scheme will not invest in the following:

- Credit default swaps;
- Debt Instruments having Structured Obligations / Credit Enhancements as specified in Clause 12.1.1 of SEBI Master Circular;
- Debt Instruments with Special Features (AT1 and AT2 Bonds) as stated in Clause 9.4 of SEBI Master circular as amended from time to time;
- Overseas securities,
- Commodity Derivatives,
- Securitized debt instruments,
- Short selling,
- Stock/Securities lending,
- Repo in Corporate Debt,

- Debt Derivatives instrument and
- REIT & InVIT Instrument.

Portfolio Concentration Norms

In line with clause 3.4 of SEBI Master Circular, specifies following portfolio concentration norms to be adopted by index fund:

- a) The index shall have a minimum of 10 stocks as its constituents.
- b) For a sectoral/ thematic Index, no single stock shall have more than 35% weight in the index. For other than sectoral/ thematic indices, no single stock shall have more than 25% weight in the index.
- c) The weightage of the top three constituents of the index, cumulatively shall not be more than 65% of the Index.
- d) The individual constituent of the index shall have a trading frequency greater than or equal to 80% and an average impact cost of 1% or less over previous six months.

The underlying index i.e. Nifty Smallcap 250 Index complies with the aforesaid portfolio concentration norms. Further, the Fund shall evaluate and ensure compliance to aforesaid norms at the end of every calendar quarter. The updated constituents of the underlying index have also been made available on the website of the Fund i.e. www.bandhanmutual.com.

Change in Investment Pattern

Portfolio Rebalancing:

Pursuant to clause 3.6.7.1 of SEBI Master circular, in case of change in constituents of the index due to periodic review, the portfolio of the scheme will be rebalanced within 7 calendar days.

Short term defensive consideration:

Subject to para 1.14.1.2 of the master circular dated May 19, 2023 for mutual fund, the asset allocation pattern indicated above may change for a short term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/listing.

Investment Strategy

Equity

The Scheme will be managed passively with investments in stocks in a proportion to the weights of these stocks in the Nifty Smallcap 250 Index. The investment strategy would revolve around reducing the tracking error to the least possible through rebalancing of the portfolio, considering the change in weights of stocks in the index as well as the incremental collections/redemptions from the Scheme.

For further details on investment strategy, please refer the Scheme information document of the scheme.

Risk Profile of the Scheme & Risk Mitigation Factors

Mutual Fund Units involve investment risks including the possible loss of principal.

Scheme Specific Risk Factors

The Scheme attempts to track the respective indices and it would invest in the securities included i Underlying indices regardless of their investment merit. The Scheme may be affected by a general de in the Indian markets.

Performance of the Nifty Smallcap 250 Index will have a direct bearing on the performance of the sch In the event the Nifty Smallcap 250 Index is dissolved or is withdrawn by NSE Indices Limited (NSEI is not published due to any reason whatsoever, the Trustee reserves the right to modify the respective scl so as track a different and suitable index or to suspend tracking the Nifty Smallcap 250 Index till such it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unit holders of scheme. In such a case, the investment pattern will be modified suitably to match the composition of securities that are included in the new index to be tracked and the scheme will be subject to tracking eduring the intervening period.

Tracking errors are inherent in any index fund and such errors may cause the scheme to generate re which are not in line with the performance of the Nifty Smallcap 250 Index or one or more securities cov by / included in the Nifty Smallcap 250 Index and may arise from a variety of factors including bu limited to, any delay in the purchase or sale of shares due to illiquidity in the market, settlement realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of Inc Distribution cum capital withdrawal, etc.

The Indices reflect the prices of securities at a point in time, which is the price at close of business da National Stock Exchange of India Limited (NSE). The scheme however, may trade these securiti different points in time during the trading session and therefore the prices at which the scheme trade not be identical to the closing price of each scrip on that day on the NSE. In addition, the scheme may to trade the same securities on different exchanges due to price or liquidity factors, which may also restraded prices being at variance, from NSE closing prices.

NSEIL undertakes periodic reviews of the securities that are represented in the Nifty Smallcap 250 I and from time to time may exclude existing securities or include new ones. In such an event, the scl will endeavor to reallocate its portfolio to mirror the changes. However, the reallocation process may occur instantaneously and permit precise mirroring of the Nifty Smallcap 250 Index during this period The potential of trades to fail may result in the scheme not having acquired the security at the price nece to mirror the index.

Transaction and other expenses, such as but not limited to brokerage, custody, trustee and invest management fees.

Being an open-ended scheme, the scheme may hold appropriate levels of cash or cash equivalents to ongoing redemptions. The scheme may not be able to acquire or sell the desired number of securities d conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the secur liquidity and volatility in security prices.

Due to the reasons mentioned above and other reasons that may arise, it is expected that the scheme have a tracking error in the range of 2-3% per annum from the Benchmark. However, it needs to be clunderstood that the actual tracking error can be higher or lower than the range given.

In case of investments in derivatives like index futures, the risk reward would be the same as investment portfolio of shares representing an index. However, there may be a cost attached to buying an index further, there could be an element of settlement risk, which could be different from the risk in set physical shares and there is a risk attached to the liquidity and the depth of the index futures market as relatively new market.

Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money m instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing income securities fall and when interest rates drop, such prices increase. The extent of fall or rise i prices is a function of the existing coupon, days to maturity and the increase or decrease in the lev interest rates.

Credit Risk: In simple terms this risk means that the issuer of a debenture/bond or a money m instrument may default on interest payment or even in paying back the principal amount on maturity.

where no default occurs, the price of a security may go down because the credit rating of an issuer down. It must, however, be noted that where the Scheme(s) has invested in Government Securities, the no credit risk to that extent. Different types of securities in which the scheme(s) would invest as given i scheme information document carry different levels and types of risk. Accordingly, the scheme's risk increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amour risk than Government securities. Further even among corporate bonds, bonds which are AAA rated comparatively less risky than bonds which are AA rated.

Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest prevailing on the interest or maturity due dates may differ from the original coupon of the b Consequently, the proceeds may get invested at a lower rate.

Basis Risk (Interest - rate movement): During the life of a floating rate security or a swap, the under benchmark index may become less active and may not capture the actual movement in interest rates times the benchmark may cease to exist. These types of events may result in loss of value in the portfoe **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up ove benchmark rate. However, depending upon the market conditions, the spreads may move adverse favorably leading to fluctuation in the NAV.

Liquidity Risk: Due to the evolving nature of the floating rate market, there may be an increased riliquidity risk in the portfolio from time to time.

Other Risk: In case of downward movement of interest rates, floating rate debt instruments will g lower return than fixed rate debt instruments.

Risk Mitigants/management strategy

Please read the SID carefully for details on risk factors before investment.

RISK MANAGEMENT STRATEGIES

Risk associated with Debt Investment

Risk Description

In a rising interest rates scenario the Market Risk As with all debt securities, changes in interest rates Fund Managers will endeavor to may affect the Scheme's Net Asset Value as the increase its investment in money market securities whereas if the interest rates prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. are expected to fall the allocation to Prices of long-term securities generally fluctuate debt securities with longer maturity will more in response to interest rate changes than do be increased thereby mitigating risk to short-term securities. Liquidity risk is today characteristic of the Indian fixed income market. The fund will however, endeavor to minimise liquidity risk by investing in securities having a liquid market. Credit Risk A traditional SWOT analysis will be used for identifying company specific

Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government Securities which are sovereign obligations and free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

risks. Management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower..

Reinvestment Risk

This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

Risk associated with Equity investment

Risk Description

Market Risk

The scheme is vulnerable to movements in the prices of securities invested by the scheme, which could have a material bearing on the overall returns from the scheme. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.

Risk Mitigants/management strategy

Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest

in the securities included in its Underlying Index.

Liquidity risk

The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which it invests.

The Scheme will try to maintain a proper assetliability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks

Derivatives Risk

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that Investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions

The fund has provision for using derivative instruments for portfolio balancing purposes. Investments in derivative instruments will be used as per local (RBI and SEBI) regulatory guidelines. The fund will endeavor to maintain adequate controls to monitor the derivatives transactions entered into.

entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

Tracking Error risk (Volatility/ Concentration risk)

The performance of the Scheme may not commensurate with the performance of the underlying Index viz. Nifty Smallcap 250 Index Fund on any given day or over any given period.

Tracking Error risk (Volatility/Concentration risk)

Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objectives of the scheme are too closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.

Unitholders' Information	For NFO allotment and fresh purchase during ongoing sales with creation of a new Folio: The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of closure of the NFO / transaction. The AMC shall issue to the investor whose application has been accepted, an account statement specifying the number of units allotted within five business days of closure of NFO/transaction. For allotment in demat form the account statement shall be sent by the depository / depository participant, and not by the AMC. For NFO allotment in demat form, the AMC shall issue units in dematerialized form to a unit holder within two working days of the receipt of request from the unit holder. For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement. The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request. Pursuant to clause 14.4 of SEBI Master Circular, investors are requested to note the following regarding dispatch of account statements: Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund: Investors who hold demat account and have registered their PAN with the mutual fund:					

calendar month within on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum capital withdrawal, reinvestment of Income Distribution cum capital withdrawal, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum capital withdrawal, reinvestment of Income Distribution cum capital withdrawal, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

For Unitholders who have not registered their PAN / PEKRN with the Mutual Fund:

For folios not included in the Consolidated Account Statement (CAS):

The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile number within five working days from the date of transaction.

The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial

transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme.

For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.

The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

holding at the end of the six month

The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods & Services Tax (wherever applicable, as per existing rates), operating expenses, etc.

The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in Bandhan MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

For all Unitholders

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

OPTION TO HOLD UNITS IN DEMATERIALIZED (DEMAT) FORM

The Unit holders under the Scheme/Plan(s) have an option to subscribe/ hold the Units in demat form in accordance with the provisions laid under the respective Scheme(s)/Plan(s) and in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) from time to time.

In case, the Unit holder desires to hold the Units in a Dematerialized /Rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or viceversa should be submitted alongwith a Demat/Remat Request Form to their Depository Participants.

Units held in demat form will be transferable subject to the provisions laid under the respective Scheme(s)/Plan(s) and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996 as may be amended from time to time.

• IDCW

NSE MFSS / BSE STAR / ICEX - Eligible Brokers/Clearing Members/Depository Participants / Distributors will be considered as the Official Point of Acceptance for the transactions through NSE MFSS, BSE STAR and ICEX platforms.

MFCentral as Official Point of Acceptance:

For enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA's), Kfin Technologies Private Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments

and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral may be accessed using https://mfcentral.com/

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
