C) DETAILS FOR COMPLIANCE WITH ANTIMONEY LAUNDERING REGULATIONS OF SEBI

Prevention of Money Laundering Act, the SEBI Circulars on Anti Money Laundering and the Client Identification implementation procedures prescribed by AMFI interalia require the AMC to verify the records of identity and address(es) of investors. To ensure adherence to these requirements, investors are required to approach Points of Service (POS) (list of POS available on amfiindia.com) appointed by any of the KYC Registration Agency and submit documents for completion of appropriate KYC checks. The details for KYC compliance can also be downloaded from AMFI website, www.amfiindia.com or website of the mutual fund, www.bandhanmutual.com.  - b. For Quarterly Frequency the subsequent trigger date is 1st April 2023
 - c. For Half- yearly Frequency the subsequent trigger date is 1st July 2023
 - d. For Year yearly Frequency the subsequent trigger date is 1st January 2014
- VI. If the investor has not mentioned any date then the default date will be considered as 10th.
- VII. Minimum Capital Appreciation Transfer Amount: INR 500
- VIII. There will be no upper limit on the Capital Appreciation Switch out amount.
- IX. The investor will have to mention the start and end date. The investor may choose to mention the start date and the number of installments. In case the start date is mentioned but end date is not mentioned and number of installments is not mentioned, the application will be registered for the minimum number of installments. In case the end date is mentioned but start date is not mentioned, the application will be registered after the expiry of 10 days from submission of the application from the default date i.e. 10th of every month / quarter / half year / annual provided the minimum number installments are met.
- 14. The switch will be triggered only if the required minimum capital appreciation clause is achieved. If this is not the case as on the trigger date the switch for that respective month/quarter/half year/year will be skipped. There is no limitation on number of skips.
- 15. If any trigger is skipped for a particular frequency due to the appreciation amount being less than the minimum amount, the subsequent tracking of the capital appreciation will continue with the amount as on the last executed STP.
- 16. The calculation of capital appreciation will be done at a transaction level in the respective scheme and folio. For example: If the investor has opted for this facility (monthly frequency) and CAMS (Registrar and Transfer Agent) has registered the STP in their system on 1st January 2017. All subsequent lump sum purchases (including switch-ins) in the source scheme will be tracked from the date of purchase for a period till the next Cap STP date. If at an individual transaction level there has been a minimum appreciation of INR 500, then such a transaction will qualify for switch and accordingly the capital appreciation amount would be calculated and switched to the target scheme. For all qualifying transactions, the switch amount into the target scheme will be a single collective amount after adding transaction level appreciation for all qualifying transactions.

Investment Strategy

EOUITY

The corpus of the Scheme will be invested primarily in stocks constituting the respective benchmark of the Scheme i.e. Nifty Total Market Index. A portion of the Scheme will be kept liquid to meet the redemption requirements in line with SEBI Regulations.

The performance of the Scheme may not be commensurate with the performance of the respective benchmark of the Schemes on any given day or over any given period. Such variations are commonly referred to as the tracking error. The Scheme intends to maintain a low tracking error by actively managing the portfolio in line with the index.

The stocks comprising the Nifty Total Market Index are periodically reviewed by NSE Indices. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Scheme will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Nifty immediately. Similarly, in the event of a constituent stock being demerged/merged/delisted from the exchange, the Scheme will reallocate the portfolio and seek to minimize the variation from the index.

The Scheme intends to use derivatives for purposes that may be permitted by SEBI Mutual Fund regulations from time to time. Derivatives instruments may take the form of Futures, Options, Swaps or any other instrument, as may be permitted from time to time. For detailed derivative strategies, please refer to SAI.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

- The Scheme attempts to track the respective indices and it would invest in the securities included in its Underlying indices regardless of their investment merit. The Scheme may be affected by a general decline in the Indian markets.
- Performance of the Nifty Total Market Index will have a direct bearing on the performance of the scheme. In the event the Nifty Total
 Market Index is dissolved or is withdrawn by NSE Indices Limited (NSEIL) or is not published due to any reason whatsoever, the Trustee
 reserves the right to modify the respective scheme so as track a different and suitable index or to suspend tracking the Nifty Total
 Market Index till such time it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unit holders of the
 scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in
 the new index to be tracked and the scheme will be subject to tracking errors during the intervening period, subject to applicable SEBI
 regulations.
- Tracking errors are inherent in any index fund and such errors may cause the scheme to generate returns which are not in line with the
 performance of the Nifty Total Market Index or one or more securities covered by / included in the Nifty Total Market Index and may
 arise from a variety of factors including but not limited to, any delay in the purchase or sale of shares due to illiquidity in the market,
 settlement and realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of Income
 Distribution cum capital withdrawal, etc.
- The Indices reflect the prices of securities at a point in time, which is the price at close of business day on National Stock Exchange of India Limited (NSE). The scheme however, may trade these securities at different points in time during the trading session and therefore the prices at which the scheme trade may not be identical to the closing price of each scrip on that day on the NSE. In addition, the scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from NSE closing prices.
- NSEIL undertakes periodic reviews of the securities that are represented in the Nifty Total Market Index and from time to time may
 exclude existing securities or include new ones. In such an event, the scheme will endeavor to reallocate its portfolio to mirror the
 changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the Nifty Total Market Index
 during this period.
- The potential of trades to fail may result in the scheme not having acquired the security at the price necessary to mirror the index.
- Transaction and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees.
- Being an open-ended scheme, the scheme may hold appropriate levels of cash or cash equivalents to meet ongoing redemptions. The
 scheme may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as,
 but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.
- Due to the reasons mentioned above and other reasons that may arise, it is expected that the scheme may have a tracking error. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. It needs to be clearly understood that the actual tracking error can be higher or lower.
- In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares
 representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of
 settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the
 depth of the index futures market as it is relatively new market.
- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- Credit Risk: In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest
 payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down
 because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme(s) has invested in Government
 Securities, there is no credit risk to that extent. Different types of securities in which the scheme(s) would invest as given in the scheme
 information document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon
 its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate
 bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
- Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or
 maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- Basis Risk (Interest rate movement): During the life of a floating rate security or a swap, the underlying benchmark index may
 become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These
 types of events may result in loss of value in the portfolio.
- Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
- **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
- Other Risk: In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.

 $Pursuant to clause 14.4 of SEBI \, Master \, Circular, investors \, are \, requested \, to \, note the following \, regarding \, dispatch \, of \, account \, statements: \, and \, control \, control$

A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of Bandhan Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum Capital Withdrawal option, reinvestment of Income Distribution cum Capital Withdrawal option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month, providing the following information:

- holding at the end of the six month
- The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme. The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by AMCs/MFs to distributors. Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as service tax/goods and services tax (wherever applicable, as per existing rates), operating expenses, etc.
- The scheme's average Total Expense Ratio (in percentage terms) along with the break up between investment and advisory fees, commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.
 - Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum Capital Withdrawal option, reinvestment of Income Distribution cum Capital Withdrawal option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.
